

FIRST THINGS FIRST

1. Add style tiles and designs to Google Drive

- `assignments > proj2 > your_first_name`
- must be in PDF, PNG or JPG

2. Read visual hierarchy article

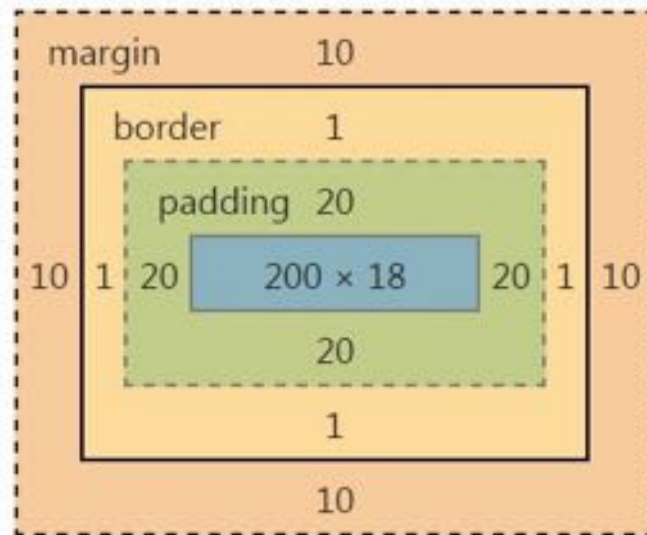

3. Figure out what you want to say about your designs to provide context for critique, ~2-3mins

4. Review each of your colleagues' designs

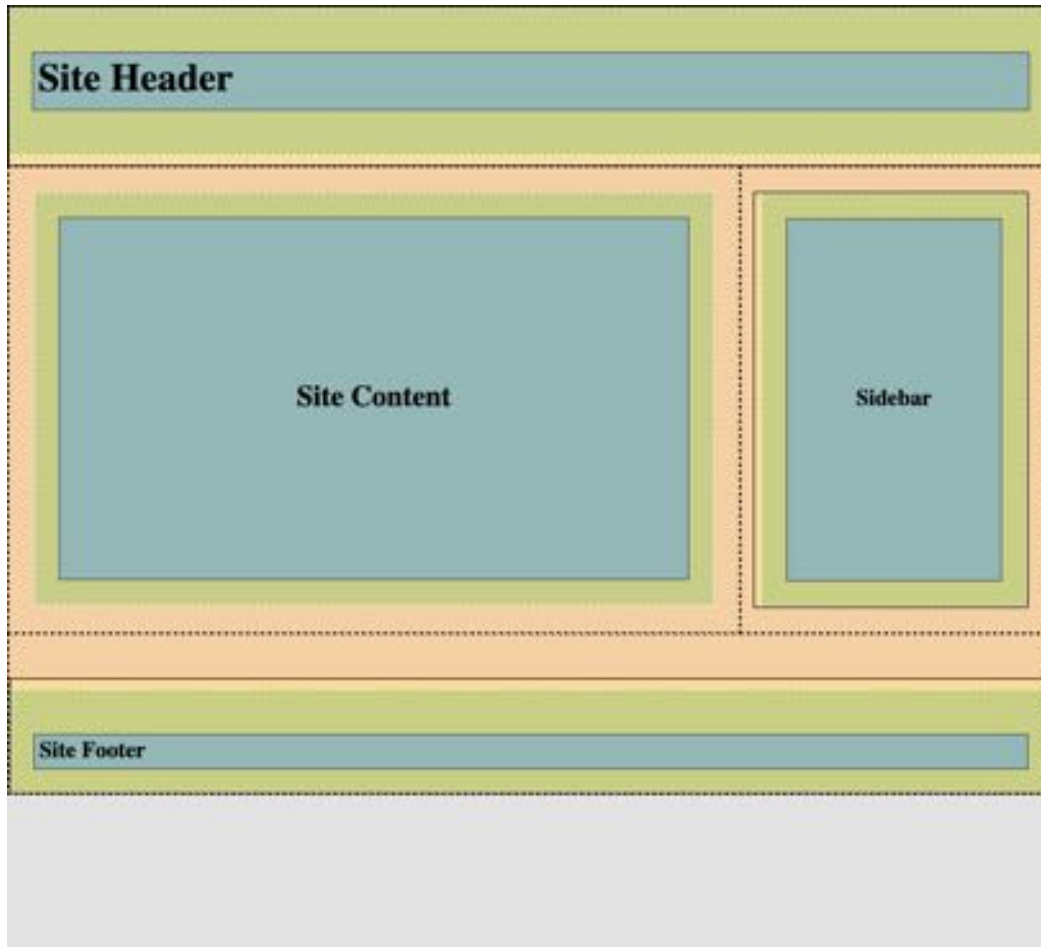

OUR AGREEMENTS

1. Be present and undistracted
2. Listen before speaking
3. Ask questions, don't rely only on statements
4. Know the **WHY**

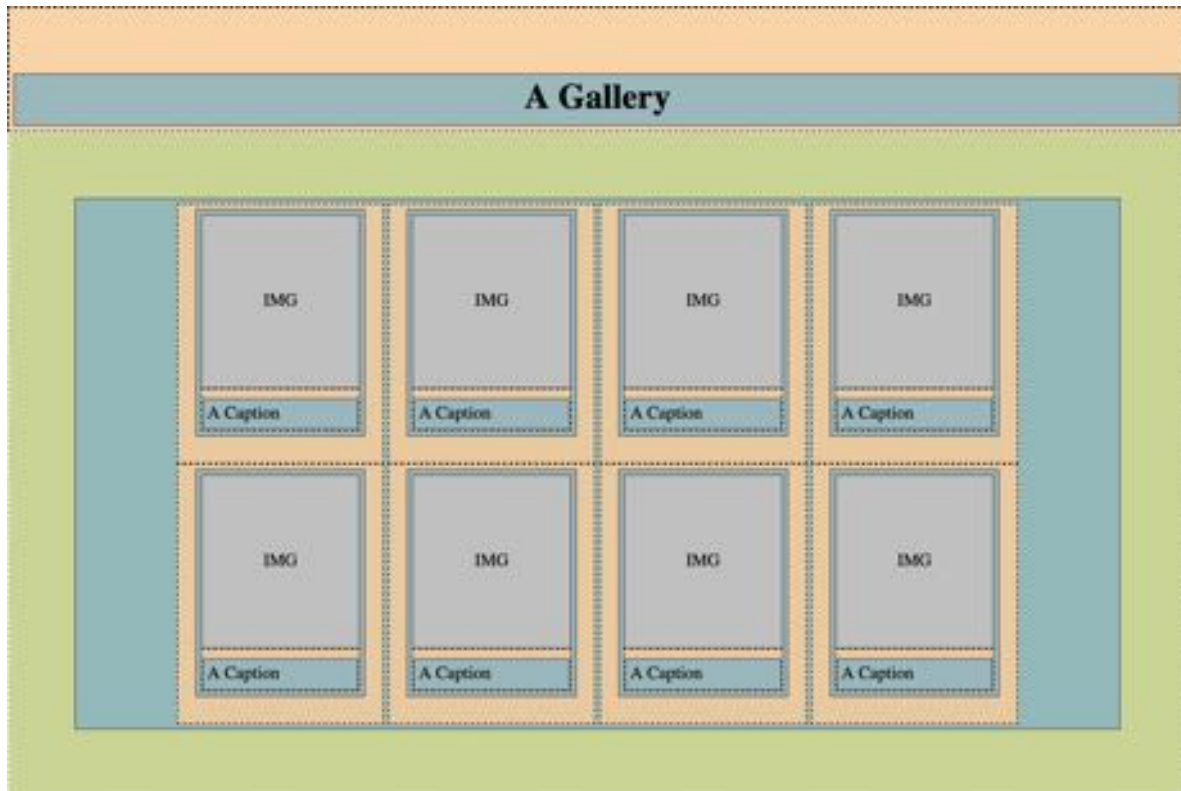

BOX MODEL

BOX MODEL

BOX MODEL

CSS LAYOUT

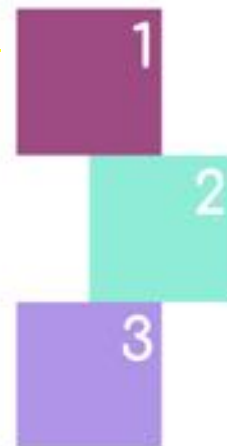

- display
- position
- z-index

TRY IT

EXAMPLE 5

PROJECT 2 SET UP

1. Open VS Code
2. Switch branch to master
3. Create a new branch  project2
 - Remember there can be no spaces in branch names
 - Make sure the origin is master
4. Switch to the new project2 branch
5. Create a project2 directory for your card markup, styles and assets
6. Create an index.html inside the project2 directory
7. Commit and push changes of new branch to GH
8. Verify your changes on GH
 - Should see an option to create a new PR; do so 

REMAINDER OF CLASS

- Work on markup for your card
- Start styles for card

NEXT WEEK

- Two homework readings
- Checkin on progress + troubleshooting
- Project will be due next Sunday, March 10

Remember to use HTML and CSS comments to note any questions or problems
