AGENDA

- Discuss readings

- Questions about comps

- Merging project 2

- Setting up project 3

- Form markup

- CSS variables

Creating More Inclusive and Culturally Sensitive Forms

Styling Forms Accessibly

FORM COMPS

PROJECT 2

Wrapping up

PROJECT 3

Getting started

- What's a **variable**?

- Why would we use variables?

- What do they look like?

```
--color-crimson: hsl(360, 90%,
15%);
```

CSS VARIABLES

- What do they look like?

```
--color-crimson: hsl(360, 90%,
15%);
```

```
--font-serif: 'Merriweather',
'Georgia', serif;
```

CSS VARIABLES

Global

```
:root {
--color-crimson: hsl(360, 90%,
15%);
}
```

CSS VARIABLES

Global

```
:root {
--color-crimson: hsl(360, 90%,
15%);
}
```

Scoped

```
.your-class {
--color-crimson: hsl(360, 90%,
15%);
}
```

Using CSS variables

BEFORE

```
p {
color: hsl(360, 90%, 15%);
}
```

Using CSS variables

AFTER

```
:root {
--color-crimson: hsl(360, 90%,
15%);
}
```

```
p {
color: var(--color-crimson);
}
```

CSS Variables Q&A

For next week

- 🎉 no class 🎉

- proj 4 competitor analysis due

- proj 4 content due

- work on your markup and styles for proj 3 (nothing to turn in, tho)

For 11/14

- proj 3 due
    - we will spend the first half of the class doing some troubleshooting proj 3, but you should show up with the project as close to done as possible
- proj 4 sketches and designs due
